AUGUST 2013 NEWSLETTER

SUMMER INSTITUTE 2013

THANKS! to everyone who participated, from teachers, to the forum board, volunteers, and the students themselves. We had 50+ kids attend the classes provided by 25 teachers. The participants were provided access to an on-site music store and luthier. By the end of the week, students from all over the United States had participated in performances of various natures, at least 12 in total.

OUR CONDOLENCES & MANY THANKS...

to Janelle, our Institute's harp teacher, whose mother passed away soon after the commencement of the Institute. Janelle did not wish to leave until seeing her students perform at their final concert, displaying her dedication and pride for her students. Wishing Janelle and her family peace in this difficult time.
